

Flexible and frost-resistant adhesive mortar SEMPRE ELASTICO 25kg

Manufacturer	
Weight	25.00 kg
Product Code	ELASTICO
EAN	5908249174153
SKU	001225
IBB ID	11075

Product specification

Manufacturer	SEMPRE	Unit	bag
EAN	5908249174153		

Very flexible adhesive mortar intended for gluing ceramic tiles, such as: glazed tiles, terracotta, gres, clinker tiles and natural stone (except marble and travertine) to deformable substrates inside and outside buildings. Can be used in a floor heating system.

Resistant to water, frost and other weather conditions.
Type C2TES1

Thanks to its technical and operational parameters, it is efficient and convenient to use.
