

Plastic plug with pin for fixing polystyrene panels

LTX10070 10 x 70mm

Manufacturer	
Weight	0.01 kg
Product Code	LTX10070(200)
EAN	5907704471462
SKU	2373
IBB ID	2373

Product specification

Manufacturer	WKREŹ-MET	Unit	pcs
EAN	5907704471462		

Plastic connector for fixing polystyrene in all substrates according to ETAG 014, in ETICS, EWI systems

Basic parameters of the product:

Diameter [mm] 10
 Material Polyethylene / Polyamide + GF
 Fastener type Hammered
 Body dimensions Lk x dk [mm] 10 x 70
 Body material Polyethylene
 Screw / bolt / pin / nail material Polyamide + GF

NEW IMPROVED DESIGN

- anchorage: 30 and 50 mm
- Thanks to the new design of the expansion zone, the connector can be installed in all categories of substrates while maintaining high strength parameters
- Glass fiber reinforced pin
- Provides high strength during assembly,

The construction of the pin head facilitates assembly, seals the connection pin - connector sleeve
 Special connector flange - Greater rigidity of the pressure plate, secure clamping of the fixed material
 Innovative design of the sleeve - A large number of "pockets" of glue on the pressure plate increases the adhesion of the adhesive mortar

Mounting type Surface, Substrates according to ETAG014

A - ordinary concrete,
 B - full ceramic / silicate brick,
 C - perforated (perforated) bricks,
 D - elements on lightweight aggregate (LAC),
 E - cellular concrete (AAC)

Hole/drill diameter up to [mm] 10

Body flange diameter Dk [mm] 60
Mounting hole depth ho [mm] 40/60*
