

Acrylic filler TYTAN PROFESSIONAL Quick white

280ml

Brand	TYTAN PROFESSIONAL
Manufacturer	
Weight	0.50 kg
Product Code	AKT-SZP-BI-028
EAN	5902120175772
SKU	000065
Application	used indoors and outdoors, it is ready for sanding and painting after 20 minutes
IBB ID	9085

Product specification

Manufacturer	SELENA	Unit	pcs
Brand	tytan professional	EAN	5902120175772

Acryl Filler Quick is a new generation of acrylic with a light consistency, which allows you to fill cavities in walls, ceilings and facades without the need to apply many layers.

Acrylic filler is ready for processing and painting after 20 minutes. Thanks to the innovative formula, acrylic putty guarantees the durability of the joint and comfort of use.

It is characterized by good adhesion to both wet and dry surfaces, as well as smooth and porous surfaces, i.e. concrete, plaster, brick, wood, plasterboard.

Acrylic is virtually odorless and can be used both indoors and outdoors.

It is resistant to temperature fluctuations, UV radiation and the effects of moisture.

Once fully cured, acrylic can be sanded and painted.

Specification

White color

Texture: light paste

Curing time: 1 mm/ 24 h*
