

Acrylic caulk Quick Effect filler TYTAN PROFESSIONAL white 280 ml

Brand	TYTAN PROFESSIONAL
Manufacturer	
Weight	0.50 kg
Product Code	AKT-EX-BI-028
EAN	5902120176489
SKU	000068
Application	filling scratches and cracks in walls, ceilings and facades int. & ext.
IBB ID	8990

Product specification

Manufacturer	SELENA	Unit	pcs
Brand	tytan professional	EAN	5902120176489

Acryl QUICK EFFECT is a flexible and universal construction sealant, intended for filling cracks, scratches and crevices in walls and ceilings.

Thanks to the use of an innovative recipe, Acryl QUICK EFFECT can be painted just 10 minutes after application. It is odorless and chemically neutral. It has excellent adhesion to porous surfaces, such as: concrete, plaster, brick, wood, drywall.

It can be used both indoors and outdoors.

Benefits

- Paintable after 10 minutes
- Odorless and chemically neutral
- The joint imitates the texture of the finishing coat
- For indoor and outdoor use
- Good adhesion to porous surfaces
- Pointing corners of walls and ceilings, filling scratches and cracks in walls, ceilings and facades
- Sealing building and structural elements made of concrete, wood, metals, bricks, plastics and plasterboards
- Joints between masonry and baseboards, stairs, ceiling and electrical sockets
- Internal and external seals when installing joinery
- Minor repairs before painting, filling scratches, cracks in walls, floors, ceilings, corners

Specification

- White color
- Consistency: thick paste
- Curing time: 1 mm/ 24 h*
- Temperature resistance (after hardening): from -20°C to +80°C

Application temperature: from +5°C to +40°C

Processing time: 5-10 min.* Measured at 23°C and 50% relative humidity. Lower temperature and humidity as well as greater thickness of the joint extend the curing time.

Adaptability to traffic (ISO 9047): 7.5%
