

Measuring tape MILESTONE Pro 5m

Manufacturer	
Country of manufacture	Poland
Weight	0.13 kg
Product Code	PRO-MZ185
EAN	5901571503264
SKU	000198
IBB ID	9231

Product specification

Manufacturer	PRO	Unit	pcs
EAN	5901571503264	Country of manufacture	Poland

MILESTONE Pro 5m measuring tape with reverse brake

- High stiffness of the tape ensuring long extension without support - up to 50% of the total length of the measure
- Ergonomic cassette made of high-quality plastic with a rubber coating
- A modern, precise ratchet brake ensures high ergonomics of work
- Movable, reinforced tape hook fastened with three rivets, additionally equipped with two strong magnets - makes it easier to use the measure when working on steel structures
- Tape width: 16 mm
- Scale in accuracy class II
- The tape measure is equipped with a bumper that absorbs the impact of the tape during rolling
- The shape and marking of the cassette enable measuring the length from the rear wall of the tape casing
- Durable metal belt clip
- Double-sided printing - scale on both sides of the tape
