Product specification

Manufacturer	QBRICK SYSTEM	Unit	pcs
Colour	black	EAN	5901238246015
Dimension	585 [L] x 385 [W] x 420 [H] mm		

ONE 450 is a tool box with a very large capacity of 52 liters. Thanks to this, it can accommodate large power tools and hand tools. Two adjustable partitions allow you to keep order inside the box. Each box is equipped with a flexible seal that provides full protection against the ingress of dust and water (IP66). As standard, it is equipped with two adjustable partitions ensuring perfect organization of space inside the box.

The Basic version of the cover is standardly equipped with a functional cutting slot and a ruler. The reinforced structure of the cover and body guarantees a high load capacity (50 kg) and withstands pressure weighing up to 120 kg, enabling the creation of comfortable work platforms.

Version 2.0 of ONE line products is a new generation of tool boxes and organizers with a reinforced structure. Additional adaptation of the bodies for mounting threaded inserts in size M8 makes it possible to freely personalize the system to the user's needs.
